

Welcome

Welcome to the July edition of the Melksham community campus newsletter.

Planning update

We are currently reviewing the comments made on the campus proposals via the planning portal. We will look to answer these questions in the Q&A section of the Melksham community campus webpage shortly.

The planning application for the community campus is still available to view on the planning portal at:

www.wiltshire.gov.uk/planning-applications-search

by using the reference numbers:

- 19/03329/DP3
- 19/03394/LBC

A link to the portal can be found on our website or the Melksham community campus webpage.

Tennis courts

The final colour spraying and lining works took place on Friday 21 June. Due to wet weather

this was slightly delayed. The surface needed to settle for a few days before it could be played on and the courts are now available to be booked. We are speaking with the tennis club about how bookings will be managed in the future. In the meantime, for more information about booking the courts please contact the tennis club secretary

Call: **01225 704448/07525 496000**

Campus update

We are working with our design team to address the comments raised during the consultation process. Once the amended plans are finalised these will be submitted on the planning portal and a further public consultation period will begin. Further updates will be given on the Melksham community campus webpage.

Stone wall repairs

We are working with a stone mason on a proposal to restore the stone wall and piers adjacent to Place Road. These works have been brought forward of the campus to ensure these important historical features are retained for future generations.
